SUMMARY

BTech Computer Science Engineering graduate with a solid foundation in **HTML**, **Tailwind CSS**, **JavaScript**, and **React**, with hands-on experience from a **React JS Internship** at **Meta Scifor Technologies, Bangalore**. Self-motivated and committed to self-learning, with experience in creating responsive, user-friendly web interfaces. Seeking to contribute to a reputable company by applying my personal and professional skills in developing web applications.

SKILLS

- **Front-End Development:** HTML, Tailwind CSS, JavaScript, React
- **API Integration:** REST API, Fetch API
- **State Management:** Context API, React Hooks
- **Version Control:** Git
- **Development Tools:** VS Code, GitHub, Vite, NPM
- **Deployment:** Netlify, Vercel
- **Soft Skills:** Eager to Learn, Adaptability, Communication Skills

PROJECTS

Marriage BioData Generator Web Application | [GitHub Link](#) | [Live Link](#) Mar 2026

Technologies: React, Tailwind CSS

- Developed a **responsive** Marriage biodata generator website using **React**, **Tailwind CSS**, **Vite** and **React Router**.
- Utilized **React Hooks**, **Context API**, and **Local Storage** for efficient data storage and state management.
- Implemented with **multi-language support**, **real-time biodata preview** and **multiple templates** selection.

Local Community Events Website | [GitHub Link](#) | [Live Link](#) Sep 2025

Technologies: Tailwind CSS, React

- Built a **responsive** web app for browsing and registering local community events.
- Added **event filtering** based on type, date, and location along with detailed event pages for better engagement.
- Implemented **RSVP** and confirmed-events list using **Context API** with **mock JSON data**.

Food Delivery Website | [GitHub Link](#) | [Live Link](#) June 2025

Technologies: React

- Developed a **responsive** food delivery web application using **HTML**, **CSS**, **JavaScript** and **React**.
- Implemented **dynamic menu filtering** and an **interactive user interface**.
- Added **interactive components** such as home page, cart page and order page.

INTERNSHIP

React JS Internship – Meta Scifor Technologies

Oct 2025 – Jan 2026

Bangalore, India

- Gained **practical experience** in building web applications using **React JS**.
- Developed a **mini project**, Food Delivery web application with **HTML**, **CSS**, and **JavaScript**.
- Built a **main project**, a Hospital Management System using **React**, **Hooks**, and **Context API**.
